

WARMING TRENDS®

SUPERIOR FIRE FEATURE SYSTEMS

Please note:

We have introduced two new Flex Line Kits and are discontinuing several SKUs. This will take effect January 18th, 2021.

[Click here](#) for the full Product Bulletin regarding these changes.

These changes are included in this catalog.

PATENTED

www.warming-trends.com/patents

WARMING TRENDS®

Superior Design. Superior Performance.
Superior Fire Feature Systems.

Standard Ring Burner with 180K BTU's

Don't settle for less.

CFB180 CROSSFIRE® Brass Burner with
180k BTU's

The patented CROSSFIRE® Brass Burner is the most fuel efficient burner in the industry,
producing beautiful, tall, bright flames all while consuming less gas.

100% Brass. Lifetime Warranty. Made in the United States.

SIX STEPS TO FIRE!

- 1 Measure the interior dimension of your fire pit.
- 2 Choose the corresponding Plate or Pan size. (Pans include a 2" welded sidewall).
- 3 Select Burner based on appropriate size and Fuel Type. (Natural Gas or Liquid Propane).
- 4 Choose the Ignition System: match lit, push button, or on/off switch.
- 5 Add Optional Electronic Accessories: remote control options, dial timers, and emergency stop buttons.
- 6 Complete the fire pit with Accessories: steel or ceramic logs, lava rock, or fire glass.

BURNER MATCH FOR COMMON INTERIOR DIMENSIONS

Choose a burner based on the inside dimension of your enclosure - the fire pit plate or pan should be 6" larger than the burner to provide at least 3" between the edge of the burner and the inside edge of the fire feature.

READY-TO-FINISH KITS

Aluminum frames covered with concrete board, ready to be easily and quickly completed with your choice of media or veneer.

Simply place on site, connect to the gas supply, add stone or other veneer and your fire feature is complete.

Need a different size or shape?
We're happy to help. Call our Flame Consultants at 877 556 5255

RECTANGULAR LINEAR READY-TO-FINISH KITS

TECH TIP

Ready-to-Finish Kits come with a Fire Pit Vent Kit (FPVK) but they do not come pre-installed as placement and installation depends on veneer. Vents are to be installed by contractor on site.

UNIVERSAL PAVER KITS

Universal Paver Kits are specifically designed to work with a variety of paver company block kits, including Techo-Bloc, Belgard, Pavestone, and many others.

Please confirm interior dimensions of your pit and choose the corresponding Universal Paver Kit for your project.

Questions? We're happy to help.
Call our Flame Consultants at
877 556 5255

UNIVERSAL PAVER KITS

Warming Trends® Universal Paver Kits include everything needed to complete or convert your paver fire pit.

Included in each kit:

- CROSSFIRE® Brass Burner
- Aluminum Plate
- Flex Line Kit
- Key Valve Extension
- Flexible Metal Support Collars

Select the Warming Trends Universal Paver Kit that matches the interior dimensions of your fire pit.

Questions? Want to customize your kit?
Give us a call at 877 556 5255

KIT DOES NOT INCLUDE VENTS. (Manufacturer recommends 18 sq. inches of ventilation on opposing sides of the fire feature.)

KIT DOES NOT INCLUDE STONE/ ENCLOSURE.

TECH TIP Collars provide support for the aluminum plate and allow a range of plate sizes to be used, adding up to 3" to the plate size.

IGNITIONS, ACCESSORIES, AND MEDIA

Select the right accents to complement your feature's surroundings. Complete with a secure cover made to fit.

IGNITION SYSTEMS

MATCH LIT

All CROSSFIRE® Brass Burners come standard as a manual Match Lit System. Light a match and turn the key valve to ignite your fire feature burner.

PUSH BUTTON IGNITION

Upgrade to an electric Push Button Ignition. Turn the key valve to on position and push the button to ignite your burner.

WARRANTY

FULL LIFETIME WARRANTY FOR WARMING TRENDS® BURNERS

WARMING TRENDS warrants that each WARMING TRENDS® Crossfire® and other jetted-flame-brass-burners (each as "Burner") is free from defects in materials and workmanship and conforms to its specifications, which are available upon request.

The warranty period for a Burner is lifetime warranty beginning on the date of purchase ("Warranty Period"). This Warranty is transferable, but we reserve the right to require proof of ownership for any transferred burners including proof that the Burner was not acquired through improper means or unauthorized re-sellers. During the Warranty Period, WARMING TRENDS provides repair and exchange services for the Burners, without charge. If a Burner does not function as warranted during the Warranty Period and, after a reasonable number of attempts, WARMING TRENDS is unable to either 1) make it do so or 2) replace it with one that is at least functionally equivalent, you may return it to WARMING TRENDS and your money will be refunded.

The warranty stated above will not apply to the extent that there has been misuse or use contrary to specifications or the appropriate user or operating manual, installation defect, accident, modification, unsuitable physical or operating environment, operation in other than the specified operating environment (e.g., outdoor burners should only be used outdoors) improper maintenance by you, or failure caused by a product for which WARMING TRENDS is not responsible. With respect to Burners, the warranty is voided by removal or alteration of any identification labels or marks on any Burner or part.

THESE WARRANTIES ARE YOUR EXCLUSIVE WARRANTIES AND REPLACE ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

ITEMS NOT COVERED BY WARRANTY

Other than as expressly stated above, WARMING TRENDS does not warrant uninterrupted or error-free operation of any Burner or that WARMING TRENDS will correct all defects.

Warming Trends does not warranty any services related to our Burners, including installation, unless we provided those services to you. You may have warranty rights from the service provider, but we make no representations or warranties express or implied regarding any third party service provider.

This warranty also does not apply to any fire logs (including the FireStorm® Steel Log) or any of the electronics used in connection with our Burners, which may be covered by separate warranties with different terms.

YOUR RIGHTS UNDER STATE LAW

This Warranty gives you specific legal rights, and you may also have other rights which vary from state to state. You may find this information from the Federal Trade Commission helpful in understanding your rights, but we recommend you speak to your attorney regarding your specific situation and the laws in your state or jurisdiction. <https://www.consumer.ftc.gov/articles/0252-warranties>

IGNITION SYSTEMS WARRANTY ALL BURNERS AND ELECTRONICS MUST BE COVERED WHEN NOT IN USE OR WARRANTY IS NULL AND VOID

Push Button Ignition Systems: There is no warranty offered on any push button ignition system.

Electronic Ignition Systems

RESIDENTIAL INSTALLATIONS:

24VIK and 3VIK systems are fully warranted for one (1) year with a limited warranty for two (2) years from date of purchase. In the event a system must be replaced due to a defect/malfunction of the system, Warming Trends will repair or replace the system at no cost for the first year. In the event a system fails after the first year from date of purchase and within two years from date of purchase, Warming Trends will repair or replace the system for a cost of 50% of the current list price. This warranty does not cover labor costs.

P24VIK systems purchased ON OR BEFORE April 15, 2018 are fully warranted for one (1) year with a limited warranty for two (2) years from date of purchase. In the event a system must be replaced due to a defect/malfunction of the system, Warming Trends will repair or replace the system at no cost for the first year. In the event a system fails after the first year and within two years of date of purchase, the cost for a replacement system is at a discount rate of 50% of the current listed price. This warranty does not cover labor costs.

P24VIK Systems purchased AFTER April 15, 2018 are fully warranted for three (3) years from date of purchase. In the event a system must be replaced due to a defect/malfunction of the system, Warming Trends will repair or replace the system at no cost for the first three years. This warranty does not cover labor costs.

COMMERCIAL INSTALLATIONS:

24VIK and 3VIK systems are fully warranted for twelve months from date of purchase. In the event a system must be replaced due to a defect/malfunction of the system, Warming Trends will repair or replace the system at no cost. This warranty does not cover labor costs.

P24VIK Systems are fully warranted for one (1) year from date of purchase. In the event a system must be replaced due to a defect/malfunction of the system, Warming Trends will repair or replace the system at no cost for 12 months from the date of purchase. This warranty does not cover labor costs.

Problems in the functioning of the systems due to gas plumbing or electrical installed by others are not covered by any warranty offered by Warming Trends.

No dealer, distributor, or other person has the authority to represent or warrant a Warming Trends product beyond the terms contained within this warranty, and Warming Trends assumes no liability for such warranty representations. Any questions concerning this warranty should be directed to the Warming Trends corporate office.

RETURN POLICY OF WARRANTY PRODUCT

Any Warming Trends product deemed by Warming Trends as defective and covered by the warranty may be returned to Warming Trends for assessment to determine if repair or replacement is necessary. In order to return a product, you must have a Return Merchandise Authorization number (RMA#). Please contact Warming Trends at orders@warming-trends.com or 877-556-5255 to obtain an RMA#. All returned merchandise must have the RMA# clearly printed on the outside of the package. Return shipping costs are the purchaser's responsibility. Warming Trends is not responsible for product damaged or lost in transit. It is recommended that return items are shipped via a delivery service that can be tracked and/or insured to confirm receipt.

Don't settle for less.
